Single
Binning

Our LINEAR LED FLEX Side Bend Nano 10w per metre RGB features high efficiency (3 in 1) LEDs on a 2oz PCB board. Housed in a solvent, salt water and UV resistant extruded silicone tube, this product does not require mounting onto a heat sink and offers a LINEAR output in all applications. Side Bend Flex units can be manipulated horizontally up to a 50mm radius with the light source encapsulated along the bottom / top of each run.
