

JOINING CONNECTOR

10mm Strip to Strip connector

IP20

DC
24V

5
EXT

Our innovative Mini connectors are compatible with all Ultra Run single colour 10mm strips and designed to fit into even the slimmest aluminium extrusions.

These Joining connectors are used to connect two strips together; simply insert both strips into the corresponding terminals and crimp with pliers to pierce PCB components for a secure finish.

PRODUCT SPECIFICATION

COMPATIBLE STRIP SERIES (IP20):	Dim to Warm Ultra Run
STRIP PCB WIDTH:	10mm
VOLTAGE RANGE:	DC 3-24V
MAX LOAD RATING:	125W (24V)
WIRE ACCEPTED:	N/A
DIMENSIONS:	L21.6*W11.5*H4.3mm
PRODUCT REFERENCE:	FLSS10SM
