

Plaster In LINEAR PRO - 75 x 35

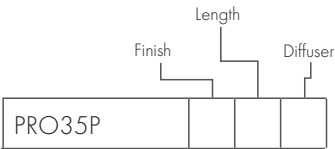

PRO35P - XXX

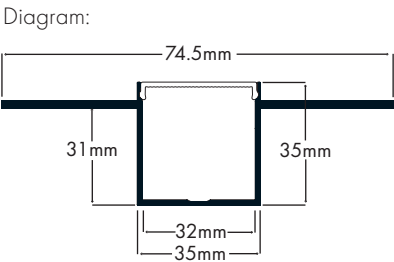

PRO

Product Reference:

| PRO35P | Finish | Length | Diffuser | Accessories |
|--------|-------------|--------------------------|-------------------|---|
| | 8 Aluminium | 1m 1 metre 2m 2 metre | O Opal C Clear | PRO-90D Corner Coupler PRO-180D Straight Coupler |

As standard, our Plaster In profiles come with a polyfoam filler designed to simplify installation. Insert the filler into the channel before plastering, leaving one end exposed. Once the plaster has dried, simply remove the filler to reveal a clean, precise finish.

Each metre of Profile also comes with 2 Clips + End Caps as standard; for extra packs please quote code PRO35P-8AC.
